X MOTION HEARING

APPEARANCES:

FOR PLAINTIFF:

Seth Zuckerman

FOR DEFENDANT:

Sandra Musumeci

FOR MOVANT:

David DeBruin

Lauren Hartz

The following rulings were made:

A conference was held at which the court ruled that the documents contained within Doc entry [62] should be unsealed with the exception of a single N.D.N.Y. index reference contained therein. To facilitate this process the movant, Syracuse University, shall file a duplicate set of documents and attachments with the exception that the N.D.N.Y. index reference may be redacted at this time. This determination will be revisited after a decision by the N.D.N.Y. on the question whether the plaintiff may proceed as a John Doe. For the reasons stated on the record the application to limit plaintiff to one deposition is denied.
